

GILANG EKO VINANDA

STUDENT

Enthusiastic student currently pursuing a dual degree in Computer Science at Asia Pacific University, with a keen interest in diving deep into various aspects of the field. Actively involved in fostering connections and cultural exchange within the vibrant Indonesian community on campus. Excited to merge my technical prowess with my cultural insights to contribute meaningfully to computer science and drive innovation. Eager to explore opportunities where I can apply my passion for technology and cultural understanding to make a tangible difference.

EXPERIENCE

PROJECT MANAGEMENT COORDINATOR

AUISS | Indonesia Community

2024 - Present

- AUISS Member : I'm actively involved in AUISS, focusing on project management.
- Event Oversight : I oversee all community events within AUISS.
- Coordination Point : I'm the main contact for event coordination, ensuring smooth collaboration.
- Team Collaboration : I encourage teamwork and collaboration among members to achieve our goals.

EVENT ORGANIZERS

AUISS | Indonesia Community

2024

- Expanded Duties: I've taken on extra responsibilities beyond my committee role.
- Speaker Coordination: I handle inviting guest speakers for our upcoming professional events next month.
- Event Oversight: I manage event logistics, ensuring smooth execution throughout.
